It only required an exercise of the simplest metic, with the most ordinary knowledge of an nature, to foresee the inevitable result; and must be either very ignorant or very dishonest who have persisted in the contrary opinion .-ith twenty-five of the thirty-one States already in possession, and with the additional incentive deral patronage to stimulate the democracy, at honest reason could possibly be assigned to enont of the case carried a conviction of defeat to the heart of every candid man. They who counted on the personal popularity of Scott to overcome the odds grainst him trusted to an element that did not exas the end has sufficiently proved. And so far his military character was concerned. that comustible flame went out with Gen. Taylor. The rum-and-fife drama would not bear rehearsal .and then the barren speeches and zig-zag travels of | twenty-five years : Scott have lost him votes by hundreds of thouids. Blarneying the Irish with his affected "love (that rich brogue" went for less than nothing with class too much accustomed themselves to "blar-

Is it there you are? And, more and worse than all, General Scott was rought forward and supported by a faction of the whigs whose motto has been for years "to rule or ruin" the party. We have too much respect for the sagacity of those men, and too little for their the revolutionary war. nonesty, to believe that they ever had the slightest faith in Scott's chances of election. To spite Webster, and punish Fillmore; to gratify their malice against the " silver gray " or Union whigs; to prove Van Buren's, (dem.)" that failing to "rule" they still had power to "ruin" these were the motives which led to the nomination of Scott; and at the same time to the repudiation of the Union "platform," which the majority of the convention insisted upon putting under him.

not to see through it, with the sly ejaculation,

But we will dwell no longer upon the cause of the great revolution, upon this uprising of the ocean. this overwhelming deluge. There is still an Ararat for the ark of whiggery to rest upon-the Green Mountains, we believe are not quite submerged and after forty days, it is possible some exploring dove may bring back a single leaf to revive the drowning hopes of the antedilucian party.

A word for the triumphant Democracy and the President elect. As we have a deavored during the campaign to treat both candidates and all candidates fairly and justly, so we shall continue to treat them to the end of the chapter. To the "democratic platform," as laid down at Baltimore, we have never taken but a single exception. We are in favor of internal improvements" for national purposes .-And to the platform of the whigs, we object only to one plank. We are opposed to a protective tariff.

Of the President elect we have only to repeat that he is a man of excellent abilities, of undoubted patriotism, and of finer personal manners than any public man we have ever known since Mr. Clay .-Cordial, off-hand, dignified, and courteous, he wins the warmest affections of all with whom be holds intercourse. In personal popularity he will excel any of his predecessors in the presidential chair.

The Coming Empire in France.

Most probably the next steamer from Europe will bring the news of the proclamation of an Empire in France. The President's return to Paris, which was be granted. nierd, only the formal announcement and a few more of the paraphernalia of the purple, to make the thing ing and crowning are mere after decorations of what the Ogdensburg Sentinel as follows: is, to all appearance, an established sovereignty.

really to be quite well satisfied with their ruler, and when compared with those who have not, are anx ous to get rid of the name and forms of a repub- 1. be less prudent in the subsequent stepts of his remar- with accuracy. able career. He will be made Emperor with as much pomp as attended the same ceremony with his uncle language, containing more thoughts, more clearly ie will, in that rank, have no difficulty in effecting a and connectedly expressed. loity matrimonal alliance, and the Napoleon dynasty will again be established, with apparently as much security as of old. The Pope, of course, with a French. army in his capital will not withhold his sanction (the unfortunate Dake of Reichstadt being the second guage. of the name) will so far fulfil his own superstitions anticipations as to sit in unsurpassed splendor upon the imperial throne of France.

How long it will last, is a matter beyond all editorial speculation. A slight mistake-a single error of judgment or a single faltering in energy or vigilance, may upset the whole fabric of the new imperialism .-The turbulent elements of Orleanism, and legitimatism to say nothing of Republicanism and Socialism, can easily be disturbed in such a dangerous sea as that of French popular opinion, and even such a strong band as Louis Napolion's may be unqual to the perlious navigation. But no one was ever yet safe in predictions of French affairs, and we shall not look futher than into the immediate furture, where the Empire is plain-

POST MORTEM OF MR. WEBSTER .- At a recent these. meeting of a medical society, some of the more striking results of the post mortem examination were stated and formed the subject of an interesting scientific discussion. The cerebral organs were of the very largest known capacity, exceeding, by thirty per centum, the average weight of the human brain; and with only two exceptions (Cuvier and Dupuytren.) the largest of which there is any record. It is also worthy of remark, that a well marked effusion upon the Arachnoid members was discovered in these investigations, although there were no perceptible evidences of any lesion during Mr. Webster's

It is sur posed to have been caused by his severe fall from his carriage in Kingston last spring. It is a remarkable physiological fact, that an injury that would have impaired the intellect, if not at once commerce—to the acquisition of Florida, Louisiana, in April of the present year. It embodies in one imcrused death, in another, should, in this instance, have been attended with so little external evidence the gold trade of San Francisco. Thus the policy of of so important an injury to a vital organ

### POSTSCRIPT.

BY TELEGRAPH-FOR THE JOURNAL.

Despatched-Baltimore, Nov. 11th, 12h. 40m. P. M., Received in Wilmington, Nov. 11th, 1 o'clock, P. M. Three Days Later from Europe.-Arrival of the Humboldt.

ADVANCE IN COTTON, FLOUR AND GRAIN.

The Steamship Humboldt has arrived at N. York with dates from Liverpool to the 28th ult. COTTON had advanced id. to id. per lb., and sales of 70,000 bales during the three previous days. FLOUR and grage a hope for Gen. Scott? The simple state- GRAIN firm, with a large demand and advanced ture had become a butt, at which one and all were prices. Consols 100# to 100#.

The London Times says that "Napoleon will protect Cuba against American aggression." Bah!

The Popular Vote since 1828. The following table exhibits the number of votes

Years.	No. of Votes
1828	1.102.418
1832	1,290,498
1836	1.501.298
1840	2.402.650
1844	2.764.031
1848	2,878,613
From these figures	it will be seen that the numbe
	y in 1848, was nearly equal t
	of the country, at the close of

The Electoral Majorities since 1828.

Jackson's (dem.) majority in 1828 1832 1836 Harrison's (whig) 1840 1844 Polk's (dem.) 1848 Taylor's (whig) 1852 probably Pierce's (dem.)

Gen. Pierce has, beyond doubt, beaten all former competitors in the Presidential race, since the existence of the present parties.

FROM UTAH .- The Salt Lake mail arrived at Independence (Mo.) on the 29th ult. with one month's willing at all times to do their errands, and a thousand later news from Utah. The Pawnees were becom- little services for which he was eminently fitted, being ing troublesome and had robbed a small party of kind as love itself in his nature. In this shiftless kind with the Pawnees. A party of seventy Mormons teen-slim as a hurdle and tall as a Maypole. He were on their way to Independence and St. Joseph's, found that he must do something else for a livelihood. on a missionary tour.

IMPORTANT SLAVE CASE DECISION .- The well known case of Oliver and others against Dan'l Cauffman, Stephen Wheatley, and Phillip Brechtel. charged with harboring and assisting thirteen fugitive slaves to escape from their owners in Maryland, was decided in the U. S. Circuit Court at Philadelphia. on Saturday, by the jury rendering a verdict for the plaintiffs in the sum of \$2,800 damages, against Cauffman, and not guilty as to the other two defendants. The trial commenced on the 19th of last month, and the jury were locked up from Thursday morning until Saturday evening

> THE CONSECRATION OF BISHOP WAINWRIGHT .- The eredentials of the Rev. Dr. Wainwright, who was elected to the Episcopate of the Protestant Episcopal Diocese, having been signed by a large majority f the United States, and with equal unanimity by the Bishops, he is to be ordained on Wednesday, the 10th inst., that being the day fixed by the senior Bishop' Rev. Dr. Bownell, of Connecticut.

HUMAN INGENUITY .- In the formation of a single locomotive steam engine there are no fewer than 5,-416 pieces to be put together, and these require to be as accurately adjusted as the works of a watch. Every watch consists of at least 202 pieces, employing probably 215 persons, distributed among 40 trades, to say nothing of the tool-makers for all

# New York City.

The Herald, in reviewing the growth and prosperity of that great metropol's, has the following remarks: "We venture to say that the entire list of new buildings, of all kinds, within this city, erected, or in course of completion, during the current year, will after the superfluous moisture had been wrung from rise above fifteen hundred, at a total cost of at least it, were equally successful with those in soil. twenty millions of dollars! At this rate of progress, moving onward with an accelerated momentum every year, who can estimate the real estate and population of New York for the year 1900, or even at the next census of 1860?

And to what do we owe all this? To the Union and the compromises of the Constitution, which bind the Union together-to Southern slavery and Southern Texas, and last, though not least, to California, and THE BUTTER TRADE OF CINCINNATI.—Cincinnati its boundaries, made New York what it is the great diminished at pleasure, or four used. Immediately is a great distributing point for butter and cheese metropolis of America. In abiding by the Union and following, and attached to the ploughs, are the buckfor the South and Southwest, and the annual receipts the constitution, in giving encouragement to that li- ets for the reception of the seed-corn includedof butter by private conveyance alone, for ten years beral and expansive policy which has redounded so and from which it is distributed. This singular forbearance elicited their your paper, no doubt because you took it for granted admiration; and inquiries were set on foot to ascertain that such a convention was really held, and perhaps FLOUR, per barrel. His person was meagre, his dress always thread-bare, card, which I deem proper for my vindication. hung loosely upon his attenuated frame; yet Joe who 152 was never known to borrow a shilling, but to have often lent one. The result of the inquiries set on foot concerning Joe were every way quite satisfactory .-They ascertained that he had, together with his parents, who were from the northern counties, come to London when Joe was about seven years of age .-Things had taken an adverse turn; they came to poverty and sickness, and at last died, leaving poor Joe entirely destitute. But the kind-hearted neighbors looked to the poor boy, and, as far as in their power lay, fed and clothed him, in return for which he was California emigrants. The Cheyennes were at war of manner the poor fellow lived until he was near sixfor that his friends began to slack off in their willingness to serve him, now that nature had transferred him into a man. Joe had contrived among his associates to pick up a small knowledge of writing and reading, with a smattering of arithmetic. An old laundress, who had been one of Joe's best friends, got him into a lawyer's office, to try to do some copying. He soon became expert, and for a long time worked early and late, but so mean was the remuneration, he could vote of last year." New Orleans, Nov. 5 .- The steamer Crescent erary club, each member binding himself to contribute. State periodically, a laughable tale or jest, of which Joe was to be the reputed father. They soon succeeded in pro ducing a good sized volume; it was entitled "Rich first year, and the profits were amply sufficient to enfixed for Oct. 16th, was, perhaps, the day chosen to The announcement that the difficulty was settled is, able his patrons to allow him the very comfortable Esq. WM. H. Sterson, of Kenansville, to Miss Charity, sum of a guinea per week. Joe, on its being presented to him the first week, and told what had been done for him, was as grateful as his nature permitted made little or no change in his mode of life. He was certainly a trifle more respectable in the way of appathis was the only apparent innovation of his econom-

> singular to tell, he ultimately was the publisher of the Rich and Racy Jests of Joseph Miller, Esq." Thus did those mad wags in those days indulge in a spirit of mischief, that redounded, in the end, to their onor and personal benefit, as many of them afterwards experienced, and raised a friend in Joe for their own day of need, for the grateful Joe's house and purse (after he became wealthy) was always in the service of those of his early patrons who had performed the part of the good Samaritan to himself. And, as the sequel shows, Joe actually proved himself a wit of the first water, for he secured to himself a fortune, while many of his bright and intelligent friends had been dissipating theirs.

The Transmission of Foreign Seeds in Solis. Let our California and Far West subscribers read

the following, from the London Farmer's Magazine. At a recent meeting of the Edinburgh Botanic Society, Mr. M'Nab read a paper in which he stated that he had been long in the belief that the transmission of fruits and seeds in a fit state for germinawith soil, while portions of the same kinds of seeds packed, both in brown paper and cloth bags, were, in many instances, totally useless. The method he York; to J. H. Flanner. adopted for the American tree seed, was as follows: He purchased several strong deal boxes about 14 set & Brown ; with indize inches in diameter, and made of 1 inch wood. He kin; with mdze. afterwards procured a quantity of soil taken from a depth of 8 or 10 inches under the surface so as to Worth; with boat Mike Brown in tow. possess only a natural dampness. A layer of the soil 2 inches deep was placed on the bottom of the boxes, above which a layer of seeds was distributed: another layer of soil and then seed, and so on till the riss; with maze. boxes were full; the whole was pressed very firmly down, when the lids were nailed on, allowing no possible room to shake about. When they reached Miles Costin; with sack salt. Edinburgh, December, 1834, the seeds and soil were sown over the surface of shallow pans and boxes .-During the following spring they grew feely; while riss; with maze. of those brought home in the paper and cloth bags, comparatively few of the varieties grew, the acorns with iron for W. & M. R. R. being without an exception perforated with insects The kinds which grew were from four to five weeks later of vegetating than those brought home in soil. Acorns brought home in a bag of sphagnum moss, ton, with 74 passengers.

A New Agricultural Machine.

The Albany Argus describes an invention which s designed to supersede the plough, the harrow, the roller, and the man who sows the seed. It says : 'Yesterday we were shown the model of a new. and what purports to be a valuable improvement in one of the laborious departments of the agricultu- Dickinson & Co.; with 130,000 feet timber and lumber ralist, and for which the inventor procured a patent plement the capacity for ploughing with four ploughs. scattering the seed in the furrows, harrowing and sustaining the constitution, and of maintaining all rolling. The ploughs are arranged at suitable disits compromises, and the sagacious policy of widening tances, in front of the carts, and the number can be abominable fanatics, demagogues and agitators whose over the buckets, and as the cart goes forward, it is object is to destroy the Union, that they may rise to so arranged as to allow the seed to fall, in suitable NOTICE.—The subscriber has received and is opening a some importance on its coins. Respectfully,

THE VOTE OF CONCORD - This being the residence of Mr Pierce, some importance is attached to its late vote for President. As heretofore reported by Telegraph, Mr. Pierce was stated to have received less than the usual Democratic majority. This was an error or a misrepresentation. We observe by the Eastern papers, that Mr. P. received the largest majority ever given in his town. His majority was comparatively large in Hillshorough, the place of his birth, and former residence .- Nat. Intelligencer.

GEN. PIERCE'S HOME .- Concord. the home of Gen. Pierce, in Merrimack county, New Hampshire, gives the following vote for President : In Nov 1852, Pierce, 912. Scott, 514. John P.

In March, 1852, the vote for Governor was: Mrtin, 1 em. 849. Sawyer, Whig, 614. Atwood Abolitionist, 297.

The New Hampshire Patriot, in speaking of the result, says: "It is seen in the falling off of about 230 in the vote of the opposition; it is seen in the largest vote ever given to a Democratic candidate here, and in a net gain of 291 for him over the large

Baltimore ..... 1 per cent. | Philadelphia .... 1 per cent Virginia .... Charleston .... REVIEW OF THE WILMINGTON MARKET,

FOR THE WEEK ENDING NOVEMBER 11, 1852.

in the small way for consumption and retail at quotations. Corron-Sales of some 150 bales at 91 a 91 cents per lb. Conn-The stock is light, and we note small sales at 65 a 665 cents per bushel

FLOUR-The market is very well supplied with Northern brands, and sales in lots as wanted, from store, within the range of our figures. No Fayetteville brands in first hands. brands, and sales in lots as wanted, from store, within the HAY-No receipts, and the article is very scarce and in

LARD-No receipts. Stock fair and quotations without change, with sales in the small way, in lots to suit retailers. LIME-Small lot (50 casks) sold at \$1 per cask. LUMBER-We know of nothing doing in River Lumber, and hear of no receipts.

Molasses-Small sales of the cargo reported as arrived last week, have been made to the trade at 21 cents per gal-

NAVAL STORES-The Turpentine market has been somewhat unsteady during the past week. We note a small lot on Thursday last, after our report of that day was made up, at \$3 30; Friday, no sales; Saturday, 700 barrels changed hands at \$3 15 a \$3 20, a decline of 10 a 15 cents on previous DEALERS IN DRY GOODS, GROCERIES AND Provisions, North Water street, Wilmington, N. C. prices; Monday, 450 bbls. at Saturday's quotations; Tuesday prices again advanced, in some instances, 5 cents, and sales of 950 bbls. at \$3 20 a \$3 25; Wednesday, 1270 bbls. at \$3 20 a \$3 25, principally at lowest figures; market closing firm yesterday evening, with considerable demand at about 2.390 bbls. The Spirits Turrentine market has al- the poorest Book-keeper in town. so been fluctuating. We note sales of 410 bbls. on Thursday at 444, 445, and 45 cents per gallon; Friday, 75 do. at 45 cents; Saturday, no sales; Monday and Tuesday, 600 bbls. at 434 cents; Wednesday, 100 do. at 44 cents, and 150 a 200 bbls at 44 cents. The sales of the week have reached fully 1400 barrels at above prices; market closing firm at latter figure, with a fair demand and light stock. Rosin-We note sales of about 1600 bbls. Common at \$1 174 for ordinary quality, in large barrels, and \$1 20 for same quality strained. TAR comes in sparingly, and last sale of 73 bbls

OATS .- A cargo of 1500 bushels from Hyde county, taken by a dealer at 36 cents per bushel. PEAS .- Ground Peas are coming in more freely, and sales

at \$1 a \$1 25 per bushel, as in quality. Cow Peas are scarce, and would find ready sale at fair prices. RICE.-Sales of clean Rice from store at quotations. We hear of no sales of rough Rice, and we are unable to give

SHINGLES. -Sales of 150,000 common Cypress Shingles at \$2 50 per M, to order. SALT .- Sales of a cargo of 3,000 bushels from Turks Island, at 22 cents per bushel. The article is retailing from store at 35 cents per bushel. Liverpool ground sells from

store at \$1 25 a \$1 50 per sack. We learn that a lot of about 1500 sacks has just arrived from New York. TIMBER .- We note sales of some 10 a 12 rafts of Mill timber during the week at prices ranging within our classified figures. See table. FREIGHTS-To Philadelphia and New York for Nava

Stores, have advanced a shade. See table. There is not

many freights now offering, owing to the low stage of our full supply of genuine Family Groceries, which he will water courses, preventing produce from coming to market .-

NEWBERN, Nov 5.—Turpentine.—Receipts of this article has been small, and prices have declined, but still firm Sales were made during first of the week at \$3.85 for old dip, \$4.00 for Virgin, and \$2.15 for Scrape; since then sales of dip at \$3.50, scrape \$2.10, Cotton.—Small sales at 8c.

Corn.—Sales at \$2.40.

HARLLEESVILLE LAND FOR SALE. THE subscriber offers for sale his HARLLEES-T WILLE PLANTATION, containing seventeen hundred and sixty-five (1765) acres. This Land lies in Marion District, S. C., on the east side of Little Pee Dee River, immediately opposite the flourishing village of Harllee-ville ; separated from said village by the run of the river, the latter being the boundary for three miles. On the prem ises is a comfortable Dwelling House, nearly new, together with a sufficient number and variety of out-buildings. tract contains 300 Acres of cleared land, well adapted to the raising of provision crops, and about 1,000 of the same quaity. The balance, and that portion of it bordering on the river consists principally of pasture land enclosed under a fence, is capable of supporting one hundred head of catter through the winter, and is equally suited to raising hou and sheep. Added to the advantages plready enumerated the Turpentine business may be prosecuted with a succeequal to any other place in the country. There are alread about twenty-five thousand trees boxed, and have only been tended one and two years, and have yielded well. The time ber business may be conducted with equal profit, as the d tance to haul both turpentine and timber would not exceat the furthest point one and a half miles. The health the place and all the surrounding country is not surpased above property may be treated for privately until Thursday the first day of December next. If not sold prior to the time, will then be offered to the highest bidder. Person. wishing to examine the plantation will call on me at the homestead. My only reason for offering this property for

PETER HARLLEE.
